Teaching Children Mathematics (TCM) made its debut in 1994, when The Arithmetic Teacher ended its 40-year run. Intended as a resource for elementary school students, teachers, and teacher educators, the focus of TCM was on intuitive, exploratory investigations that used informal reasoning to help students develop a strong conceptual basis leading to greater mathematical abstraction. In its 25 ...

Poker Tip 4: Play for the Long Term. As a novice player, you're going to lose some of the time. At some point, you'll go all-in with a pair of Aces, then lose to another player holding a pair of 9s who catches a third 9 on the river.. Don't let these types of losses (known as "bad beats") discourage you.
